Concept

The research team established by the CEA " Normative aspects of family protection and family development - international perspective" researches many problems related to the legal aspects of the demographic development of Europe. The subject of scientific research are families, parents (legal guardians) and children. These issues relate to problems that interest various branches of law in Central European countries.

The 'Normative aspects of family protection and family development - international perspective' conference is organised within the framework of the collaboration with the Ministry of EU Affairs in preparation for the Hungarian EU Presidency in 2024.
